

Opportunity: Geotechnician / Exploration Assistant

Employment Type:	Contract (Summer/Fall 2023 2-5 months)
Location:	Springpole, Northwestern Ontario
Application Deadline:	April 21 st 2023

First Mining Gold Corp. (First Mining) is guided by its values of safety, integrity, responsibility, and collaboration. We develop and operate our projects safely, reliably and with care for our impact on the environment. With our presence in Ontario, Newfoundland and Québec, our people play an active role in building strong communities.

We are proud of how our hard work and our commitment to sustainability sets us apart and benefits society and communities where we operate, every day. We are looking for a new team member who shares our values and is ready to take on an exciting opportunity.

The Opportunity

We are seeking to hire a contract Geotechnician/Exploration assistant who will help support exploration, development, and environmental study activities for First Mining Gold at its exploration project. This role will be based in a dynamic team setting, reporting to, and working closely with the Geology team, you will be integral in the daily support of site activities focussed around the winter work programs which will offer development and training opportunities related to exploration programs.

What you will do

As Geotechnician / Exploration assistant, your primary duties and responsibilities will be as follows:

- In field support activities for the summer/fall field season through data collection, including geological field mapping, chip sampling and soil sampling. Processing and cutting drill core for exploration programs which includes assisting with measuring, photography, and geotechnical logging of drill core
- Use of mobile applications for field data collection
- Safe field practices in remote areas and working around boats, ATV's, and helicopters.
- Moving and assisting geologic team in moving/handling core boxes
- Perform other related work as required; and such other duties and services that would be reasonably expected to be performed by a person employed by a public mineral exploration and development company in a similar position to that of the employee.

Preferred Qualifications and Education

- Ability to work independently as well as collaboratively in a multi-disciplinary, cross-cultural team
- Ability to communicate in English
- Strong attention to detail

- Health and Safety focused mindset to work safely and contribute to safe practices of the First Mining Gold team.
- Willingness to travel (FIFO) and work within remote site settings as this position's rotation will be determined by core seasonal activities.
- Comfortable working in a dynamic work environment with a willingness to work outdoors
- Ability to safely operate vehicles, at our operations, in various weather conditions and terrain
- Must be legally entitled to work in Canada.

About First Mining Gold Corp.

First Mining is a gold developer advancing two of the largest gold projects in Canada, the Springpole Gold Project in northwestern Ontario, where we have commenced a Feasibility Study and permitting activities are on-going with a draft Environmental Impact Statement ("EIS") for the project published in June 2022, and the Duparquet, Pitt and Duquesne Gold Projects in Quebec, a collection of advanced-stage development assets located on the Destor-Porcupine Fault in the prolific Abitibi region. First Mining also owns the Cameron Gold Project in Ontario and a portfolio of gold project interests including the Pickle Crow Gold Project (being advanced in partnership with Auteco Minerals Ltd.), the Hope Brook Gold Project (being advanced in partnership with Big Ridge Gold Corp.), and an equity interest in Treasury Metals Inc.

First Mining was established in 2015 by Mr. Keith Neumeyer, founding President and CEO of First Majestic Silver Corp.
