

FIRST MINING GOLD

Job Category:	Senior District Geologist
Employment Type:	Employee (Full-time)
Location:	Vancouver, British Columbia, and Remote Opportunity
Application Deadline:	November 22, 2021

First Mining Gold Corp. (First Mining) is guided by its values of safety, integrity, responsibility and collaboration. We develop and operate our projects safely, reliably and with care for our impact on the environment. With our presence in Ontario, Newfoundland and Québec, our people play an active role in building strong communities.

We are proud of how our hard work and commitment to sustainability sets us apart and benefits society and communities where we operate, every day. We are looking for a new team member who shares our values and is ready to take on exciting challenges.

The Opportunity

We are seeking to hire a full-time Senior District Geologist who will help lead and advance exploration activities for First Mining and its various subsidiaries. Reporting to, and working closely with, the VP Exploration, the Senior District Geologist will be a leader in the Exploration Department that provides guidance and geoscience advancement for the company.

What you will do

As Senior District Geologist, your primary duties and responsibilities will be as follows:

District Exploration Geoscience and Targeting Leadership

- Provide exploration guidance and recommendations in the advancement of corporate gold assets within our diverse portfolio.
- Leadership through contribution in the development of regional and target scale geoscience models supporting district exploration.
- Planning, supervision and execution of exploration field activities including diamond drilling, regional and local-scale mapping, geophysics and geochemical sampling.
- Data compilation initiatives focused on increasing integrity, standardization, resolution and completeness.
- Manage and liaise with supporting industry consultants and advisors.
- Provide technical leadership within an exploration team setting including review, development and updates in exploration policies and procedures.
- Pursue innovation and technologies for the unlocking of modernized techniques in analysis.

Preferred Qualifications and Education

- Self-starter, continuous learner, and a passion for innovation in geoscience related to mineral exploration.
- A university degree in earth sciences with registration, or eligibility for registration, with the Professional Geoscientists of Ontario (PGEO).
- Minimum 6+ years of progressive mineral exploration experience, including exposure in a supervisory role.
- Prior experience working on District Scale Archean Greenstone hosted gold projects is considered an asset.
- Experience and knowledge in GIS and geological modelling software is required: preference will be given to candidates with ESRI ArcMap and Leapfrog Geo experience.
- Experience in working with 3D data, building exploration models, and working with large datasets.
- Ability to work independently as well as collaboratively in a multi-disciplinary, cross-cultural team.
- Capacity for strategic thinking to support corporate messaging to various stakeholders, external personnel, and regulatory agencies.
- Excellent oral and written English communication skills and a strong attention to detail.
- Work safely and contribute to safe practices of the First Mining Gold team.
- Willingness to travel and operate within remote work settings.

About First Mining Gold Corp.

First Mining is a Canadian gold developer focused on the development and permitting of the Springpole Gold Project in northwestern Ontario. Springpole is one of the largest undeveloped gold projects in Canada. The results of a positive Pre-Feasibility Study for the Springpole Gold Project were announced by First Mining in January 2021, and the environmental assessment process for the project is on-going. The Company also holds a large equity position in Treasury Metals Inc. who are advancing the Goliath-Goldlund gold projects in Ontario towards construction. First Mining's portfolio of gold projects in eastern Canada also includes the Pickle Crow (being advanced in partnership with Auteco Minerals Ltd.), Cameron, Hope Brook (being advanced in partnership with Big Ridge Gold Corp.), Duparquet, Duquesne, and Pitt gold projects.

First Mining was created in 2015 by Mr. Keith Neumeyer, founding President and CEO of First Majestic Silver Corp.
